

Instructions from Attempting Test on PC/Laptop

- Open Chrome/Firefox
- Enter the Below URL
- <https://www.matrusri.com>
- Click on '**Login**' on the top right corner
- Provide the Login Details (Login ID and Password) and Click **Login**
- Select the **Tests** from Selection Menu
- Scroll Down the Screen, you would be seeing **Modules**, Select the appropriate module
- Click on the appropriate test from the list. A Screen with Test Details will be displayed.
- Click on **Take This Test** (Marked in Red Color)
- A page with all the instructions on how to take the test will appear with your name appearing on the right side. Read and understand all the instructions thoroughly and then click on the small square box at the bottom to mention that you have understood the instructions.
- Click on **Proceed to Begin**
- Online Test paper would open up for marking the answers and the countdown timer will start which can be seen on the top right side of the paper
- Take the test as specified in the instructions.
- You may navigate through the questions in the test either in sequence or by clicking on the question number in the panel of all questions shown or through the sections mentioned on top.
- If you are unable to see any image or diagram or question properly, click on the tiny "**Refresh**" Button provided on the top right of the Question window.
- In case of interruption while taking a test due to power failure or internet connection issues, Reopen the Portal and Test Page, Resume Test Option will be available on the top right, click on it, you will be able to resume the Test from where you have left.
- Never close the test by closing the browser or Press ESC while the test is going on. Doing this test may get ended and no other option will be provided to resume the test.
- The test would be ended only in one of the ways below: ○ (i) Click on the Submit button and follow the instructions when you wish to submit or ○ (ii) Let the system auto-submit if the countdown timer ends.
