

### **Steps to follow to join the Session.**

- Click on the Link received on your Email/Whatsapp
- Enter the **Access Code** mentioned in the communication.
- Enter your **Name** and Click on **Join**.
- You will be redirected to a Class Page, with an on-screen popup asking "How would you like to join the audio?" with two options provided – **Microphone & Listen Only**
- Select **Microphone** and it will take a few seconds to connect to the echo test. In case you select '**Listen only**' above, you will not be able to speak during the session in case you have any clarifications.
- Click on **Allow Microphone Access on the Browser** (Only if prompted)
- Another popup "This is a private echo test. Speak a few words. Did you hear the audio?" will be displayed. Please speak something and check if you are able to hear yourself clearly.
- If you are able to hear your voice in the previous step, click on **Yes** (Thumbs-up) and move ahead. If not, click on **No**(Thumbs-down) and Set your Microphone appropriately in sound settings of your device and try again.
- You will be entering the session. Please follow the instructions provided by the host of the Webinar.

### **Minimal Requirements for you to have seamless session: -**

Desktop/Laptop/Mobile - The bigger screens would provide a better viewing experience compared to a mobile device.

Headphones/Earphones with Mic - Using the laptop/desktop speaker creates an echo, using good quality headphones/earphones will create a good listening experience.

Uninterrupted Internet - Min. 1 Mbps Internet Connection is required for the live streaming to run seamlessly. We suggest you check your internet speed at **fast.com** to ensure it is optimum.
